Dear Gardening Friend,

Welcome to your Main Season Catalogue, where Great Gardening begins!

We have included as many of your favourites as we could, so by early summer your garden could be brimming with the brightest colours and sweet fragrance along with tasty and juicy produce! Every item has been grown by us and proven to be a 'doer' – a term we use to describe great garden performance! But remember, if for any reason you don't agree, all items are covered by our unique **'Complete Satisfaction Guarantee'** so you can trust us completely and place your order with total confidence!

In pride of place on the **front cover** is the **Patio Perfect Sweet Pea** - With 12 Multi Sown Pots containing 48 plants, you can be certain to get a colourful, fragrant patio spectacle from this compact variety. I plan that **Begonias will take centre stage** in my garden again this year and **Page 3** sees Upright and Trailing versions of these beauties! **Skyscraper Lilies (page 11)** will cram your patio with summer-long colour – creating breath taking baskets displays of blooms every time. If 'Grow Your Own' is your thing, you'll find nutty tasting **Potatoes, sweet Cherries and Peaches on Pages 26-31. The Patio Standard Rose Collection is featured on the back cover** and is my strong recommendation for 2015 - they offer incredible garden performance and really will last for decades.
